

Household Hazardous Waste Collection

September 20, 2014

8:00 am – 12:00 Noon

Public Works Department Parking Lot

(Old Pennyrile Ford Lot)

705 North Main Street, Hopkinsville

Only the following will be collected:

Ammonia	Metal polish
Antifreeze	Moth balls
Arts and crafts supplies	Muriatic acid
Batteries	Oil based paint
Bleaches	Old Chemistry sets
Brake fluid	Oven cleaners
Cesspool cleaners	Paint thinner
Compact fluorescent lamps	Pesticides (non farm)
Creosote	Pharmaceuticals
Drain Cleaners	Photo chemicals
Dry cleaning fluids	Pool chemicals
Engine and radiator flushes	Propane #1 & #20
*E-scrap	Radiator cleaners
Floor cleaners	Rodent killers
Fluorescent tubes	Rust preventatives
Herbicides (non farm)	Sealants
Insect sprays	Solvents/Varnishes
Jars of liquid Mercury	Transmission fluid
Mercury Thermometers	Wood preservatives
Mercury Thermostats	Wood strippers

- Materials will be collected with cars entering the parking lot from North Main Street and exiting the lot onto Maplelawn.
- Citizens are required to complete a survey.
- For safety citizens **must stay** in the vehicle while staff unloads the items.
- Environmental Enterprises Incorporated of Ohio will be collecting, processing and marketing the items.

* E-scrap (electronics) will be collected by the Hopkinsville-Christian County Recycling Center. Grant funds will not be used to recycle E-scrap.

NOTE: Water based paints and used motor oil shall not be accepted at this event. Please contact the Recycling Center at 270-885-8556 or dgibbs@hswa.us on recycling options for those items.

More Recycling information may be found at www.hopkinsvilleky.us/recycle.

Sponsored by: Pennyrile Solid Waste Management Authority & Hopkinsville-Christian County Recycling
